3.3 Friday 26 June 2020	6
4. Meeting details and registration.....	8
4.1 Meeting Venue.....	8
4.2 Drinks	8

1. WELCOME

Welcome to participants of the LST CCI User Workshop 2020. This booklet provides information about the workshop for presenters, session chairs, session rapporteurs and other meeting participants. For information on registration, accommodation, local travel and how to find the meeting venue, please see the workshop website <https://ws2020-lst-cci.acri-cwa.fr/>.

The LST CCI project is conscious of the environmental impact of meetings and workshops and will therefore not be providing paper copies of this booklet/agenda to meeting participants.

2. ORGANISATION

2.1 Oral Presentations

Presentations should be made according to the time allotted in the agenda. In order to keep to time, presenters are asked to respect the length of their slot, which includes time allowed for questions.

In order to ensure the workshop runs smoothly, please send your presentation slides to info.lst-cci@acri-st.fr by the end of business on **Monday 22 June 2019**. The Met Office operates a closed IT system and presentation directly from participants laptops or personal memory sticks is unfortunately not possible. Therefore, presentations must be uploaded to the Met Office IT system in advance of your presentation.

The project team would like to make all oral presentations from the workshop available to the public via the meeting webpages. If you would prefer that your presentation is not made publicly available, please email info.lst-cci@acri-st.fr to let the project team know.

2.2 Poster Presentations

Posters should be 90cm wide x 120cm high (A0 size), portrait (**TO BE CONFIRMED**).

The project team would like to make all poster presentations from the workshop available to the public via the meeting webpages. If you are happy for your poster to be made publicly available in this way, please email a PDF of your poster to info.lst-cci@acri-st.fr.

2.3 Session Chairs

Session chairs are asked to:

- Introduce each speaker briefly
- Keep the presentations to the allotted time
- Lead/moderate discussion

Session chairs are asked to work with the session rapporteurs to prepare a short summary of the session that can be made publicly available via the meeting webpages. Session summaries should be sent to info.lst-cci@acri-st.fr as soon as possible after the session.

2.4 Rapporteurs

Each session will have a rapporteur whose main task is to take notes during each session. Rapporteurs should work closely with the session chair to produce a brief summary report of each session. In preparing your session reports, please avoid making lengthy summaries of the presentations and discussions. Please concentrate on issues that relate directly to the objectives of the session and any key actions.

2.5 Local contact at the Met Office

Please send all correspondence regarding the workshop to info.lst-cci@acri-st.fr. However, should you need to know a local contact at the Met Office, please use the following:

Dr Elizabeth Good, Scientific Manager - Observing Climate: Land & Atmosphere, Met Office Hadley Centre FitzRoy Road Exeter Devon EX1 3PB United Kingdom, Tel: +44 (0)3301350763, Email: elizabeth.good@metoffice.gov.uk
